Greetings!

Thank you for contacting the UC Application Center.

That's correct. However, to meet the requirement, the student must take at least 2 years of the coursework, or at least the year 2 course, which validates earlier level coursework.

If you have any other questions please feel free to contact us again.

Thank you,

Christian

Hello Alexis,

Just to reconfirm, it will fulfill the LoTE requirement under category (e) within the A-G, correct?

Thanks

Sashi

Thank you so much for the confirmation!

Thanks

Sashi

Hello,

My name is Sashi Vaidyanathan and I represent International Tamil Academy (also known as California Tamil Academy). We are a heritage school teaching a classical Indian language called Tamil to students in California and all over the US. We are also a WASC accredited Organization. We are also listed in the Online Publisher directory at <https://hs-articulation.ucop.edu/agcourselist/publisher-directory>

Our language course has been approved by a few school districts using the Principal Certification Process. The credits are placed on the school transcripts under the LoTE category.

I am writing to UC to get the confirmation that our students can use the Tamil course listed in their High School Transcript to satisfy their world language requirement when applying to UCs.

Please let me know if you have any questions or need additional information.

Thanks

Sashi
